"State law requires that you be given the following information: CAUTION - PESTICIDES ARE TOXIC CHEMICALS. Structural pest control companies are registered and regulated by the Strucural Pest Control Board, and apply to pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the United States Environmental Protection Agency. Registration is granted when the State finds that based on existing scientific evidence there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized."

If within 24 hours you experience symptoms of dizziness, headache, nausea, reduced awareness, slowed movement, garbled speech or difficulty breathing, leave the structure immediatly and seek medical attention by contacting your physician or Poison Control Center and notify your pest control company. The warning agent, chloropicrin, can cause symptoms to tearing, respiratory distress and vomiting. Entry into the space during fumigation can be fatal.

For further information, contact any of the following: Your pest control company; for Health Questions - The County Health Department; for Application information - The County Agricultural Commissioner and for Regulatory information - The Structural Pest Control Board, (800) 737-8188, 1418 Howe Avenue, Suite 18, Sacramento, CA 95825
